

COUNTRY
CLIPPER[®]
ZERO TURN MOWER

THE PERFECT MOWER. FOR EVEN THE MOST IMPERFECT YARD.

Every yard is unique. And every yard, no matter how much you love it, can be uniquely frustrating to mow at times, with all of its slopes, holes, trees, bushes and occasional garden gnome to maneuver.

That's why we design Country Clipper Zero-Turn Mowers to tackle any obstacle imaginable.

MOW SMARTER. NOT HARDER. With powerful engines, large decks and an easy-to-maneuver joystick, Country Clipper does the work for you. You focus on relaxing. Our mowers do the rest.

It's nice to have a free hand for clearing branches out of the way—so we installed a one-handed joystick controller.

Everybody's got uneven terrain—so we developed ContourDTS™ to keep your ride smooth, and your grass cut perfectly.

We know mowing can get messy—so we created a stand-up deck that lets you easily clean underneath. Even do maintenance yourself in minutes.

You don't need to have a perfect landscape to create the perfect yard. You just need a Country Clipper.

FREEDOM TO CHOOSE. We believe every operator should decide how they want to drive. That's why we give you the choice between joystick control and a traditional twin-lever steering system. The twin-lever gives you precise, zero-turn control that keeps you moving over all sorts of terrain. Nothing can stop you now.

MAKE MOWING A JOYRIDE.

Imagine effortlessly steering a joystick as your mower glides across the yard.

Enjoying a cold beverage with your free hand. Behind you, a trail of evenly cut grass. The warm sun on your face.

OK, mowing might not be your favorite thing to do. But it sure doesn't have to feel like work, either.

THERE ARE TWO TYPES OF PEOPLE.
**THOSE WHO LOVE
COUNTRY CLIPPER.**
AND THOSE WHO WILL.

At Country Clipper, we keep it simple. No matter how complex your yard is.

OWN YOUR LAND. When you mow with a Country Clipper, you'll never be overmatched again. No yard is too big, too uneven or too tree-covered. That's because we focus on innovative features that help you conquer every square inch.

THE JOYSTICK makes steering easy. Point and go. It's like a live-action video game disguised as a chore.

THE TWIN-LEVER STEERING SYSTEM. Because everyone should have the freedom to choose how they steer. Get powerful, precise control over all sorts of terrain and slopes.

THE CONTOUR DECK TRACKING SYSTEM PIVOTING FRONT AXLE. Think of this as the shock absorber of the mower. It pivots and contours to your lawn on uneven terrain ensuring your cut stays consistent, even when the landscape isn't.

THE GAS TANK UNDER THE SEAT. Why should you care about that? Because it allows for a more favorable weight distribution, namely a low center of gravity. This ensures a super-smooth ride and extra security on slopes.*

THE MAINTENANCE-FRIENDLY, STAND-UP DECK allows you access to the blades quickly and easily. Need to untangle something? Just flip the deck, fish out your dog's pull toy and get back to mowing.

THE STABILITY. Quite frankly, the traction our mowers provide is unparalleled in the industry. Our mowers featuring ContourDTS are built so that all four wheels stay on the ground at a time, which makes sense when you're using a machine with super-sharp spinning blades.

*Industry standard does not recommend mowing on inclines over 15 degrees.

AVENUE

THIS COULD BE YOUR FIRST COUNTRY CLIPPER. BUT IT WON'T BE YOUR LAST.

DON'T LET the compact size fool you. With durable cast aluminum spindle assemblies and a heavy-duty, welded steel deck, the Avenue is built to last as long as your grass keeps growing. Our entry-level is like the other guys' premium.

ACCESSORIZE YOUR RIDE

Visit CountryClipper.com for a complete listing of all accessories

HAND RAIL

Universally designed to provide assistance when getting on and off the mower. Pairs perfectly with the wide front step for safety and convenience.

FRONT STEP

Adds convenience and safety when getting on or off the mower.

DECK LIFT JACK

Enhance the benefit of the stand-up deck. Quickly complete the last step of the deck lift process with a cordless drill or the included hand crank (depending upon model).

MULCH KIT

Recycle fine clippings back into your lawn and enhance the nutrition of the soil. Kit includes easy-to-install baffles and blades.

LIGHT KIT

Light kit shown on Charger and Boss^{XL} series. Kits vary by series.

GRASS BAGGER

Achieve a perfectly manicured lawn quickly and efficiently. A tapered bag design allows for easy removal and dumping.

Avenue & Boulevard

- 9 cubic foot (7.2 bushel) capacity
- Direct flow (unpowered)

XLT

- 9 cubic foot (7.2 bushel) capacity
- PTO drive, manual engagement

Challenger

- 15 cubic foot (12 bushel) capacity
- PTO drive, manual engagement

Charger & Boss^{XL}

- 15 cubic foot (12 bushel) capacity
- PTO drive, electric engagement
- Excludes 72" deck

LEFT HAND JOYSTICK

Convert Joystick control to left-handed operation.

REAR ENGINE GUARD

Help protect your engine against damage from objects when moving in reverse.

HOURLY METER

The hour meter makes it easy to calculate maintenance intervals.

	Hand Rail	Front Step	Deck Lift Jack	Light Kit	Rear Engine Guard	Left Hand Joystick	Hour Meter	Bagger	Mulch Kit
Avenue	0	0	0	0	0	N/A	0	0	0
Boulevard	0	0	0	0	0	N/A	S	0	0
XLT	0	S	0	0	S	0	S	0	0
Challenger	0	S	0	0	S	0	S	0	0
Charger	0	S	0	0	S	0	S	0	0
Boss ^{XL}	0	S	0	0	S	0	S	0	0

S = Standard 0 = Optional

Note: · Mulch Kit does not fit 72" Boss^{XL} units
 · Deck Lift Jack is standard on 72" Boss^{XL} units
 · Bagger does not fit 72" Boss^{XL} units
 · Hand Rail and Front Step are a combined kit on Avenue and Boulevard models

We don't do shortcuts. Just short cuts. If you've ever run into a problem while mowing, you can bet our designers have too. With 40 years (and thousands of lawns), you can be confident our engineers have arrived at just the right blend of power and finesse.

AT COUNTRY CLIPPER, we take pride in offering innovative features that no one else can. So you can take pride in a job well done.

MOW TIME IS ME TIME.

We designed our mowers with comfort and freedom in mind. The single-handed joystick frees up your other hand to clear obstacles. The stand-up deck makes maintenance easy. And the adjustable enhanced-comfort seats make you forget you're even doing yard work.

ALWAYS HERE TO HELP. Curious about which mower makes the most sense for you? Talk to your local Country Clipper dealer today. Visit CountryClipper.com/Find-a-Dealer.

When you don't have to stress the big things, you can take pleasure in the small ones. Like the smell of freshly cut grass. The satisfaction of seeing your yard transformed. The pride of knowing you're making your little piece of nature more enjoyable for your family.

With Country Clipper, you're free to enjoy mowing. Maybe for the first time.
